

Brett Marks

Computer Science (BS), Liberal Arts (AS)

6705 NW 76th Street
Tamarac, FL 33321
(954) 681-7979
bmarks1993@gmail.com

EXPERIENCE

Red Lobster, Waterloo, IA — *Multiple Positions (Server, Kitchen)*

December 2008 - October 2015

Positions held include server, host, busser, alley coordinator, and line cook. All positions included work in a rapidly-paced environment and most positions required highly translatable skills in guest service and communication within a team setting. I left the job when another company offered better hours in relation to class schedule.

Whiskey Road, Cedar Falls, IA — Server

October 2015 - December 2015

Held a serving position for a few months before moving to Florida and transferring to Florida Atlantic University.

I9 Sports, Coral Springs, FL — *Youth Baseball Instructor*

April 2016 - June 2016

Coached multiple youth teams and coordinated practices and games in T-Ball and Coach Pitch Baseball for elementary age kids. Worked closely with other coaches and parents to provide the best beginner level baseball experience for the children.

Delivery Dudes, North Lauderdale, FL — Driver

June 2016 - August 2016

Summer job driving for Delivery Dudes included working with dispatch and restaurant staff to deliver food ordered by guests from companies that do not handle deliveries in-house.

SKILLS

- Guest Service and Communications.
- Work in Agile or Scrum Setting.
- Intermediate Web Development Coding.
- Intermediate Software Development Coding.

PROGRAMMING LANGUAGES

C, C++, Python, HTML, CSS, JavaScript, jQuery, PHP, SQL.

EDUCATION

Linn-Mar High School, Marion, IA

August 2008 - May 2012

Completed high school education and earned college credit toward general education and engineering electives. Extra-curricular activities included baseball, football, and working part-time at Red Lobster.

Hawkeye Community College, Waterloo, IA — Associate of Science Degree in Liberal Arts

August 2013 - May 2016

Began studies at Hawkeye in the Electrical Engineering Technology program before switching to Liberal Arts with intentions to transfer to a University offering Computer Science at a later date.

Florida Atlantic University, Boca Raton, FL — Bachelor of Science Degree in Computer Science

August 2016 - May 2019

Transferred to FAU after completing Liberal Arts Program at Hawkeye Community College. Studies focused on software and web development across many coding languages (C, C++, Python, HTML, JavaScript, PHP).

PROJECTS

FAUOWLS — Florida Atlantic University Original Web Electronics Store

Worked as the Front-End Team Lead on a project for Principles of Software Engineering, aimed towards providing the FAU Engineering Department a better solution for the distribution and organization of laboratory materials. The link for the web store can be found below.
